

Working for Us

At Globetec, our people are our most valuable assets. The success of our business is entirely dependant on the success of our teams.

The Globetec team culture is highly evident and we are all keen to see our peers and colleagues succeed as much as we are to achieve our own success. We believe we provide unrivalled management support that can be so lacking within the recruitment industry but which is highly important to enable individuals to realise their potential.

Due to continuing success, Globetec is currently recruiting for its Brighton and Singapore office and we would be interested to hear from:

- Business Development Consultants
- Account Managers
- Resourcers/Researchers.

If you would like to find out how you can develop your career with Globetec Solutions, please contact Alex Sinclair on +44 (0)870 034 7720 for an informal conversation. Alternatively, submit your CV with a covering letter below.
