

Testimonials

We are committed to providing the highest standards in recruitment and are proud to be recognised by our clients and candidates as an ethical company that delivers quality results every time. But don't just take our word for it – this is what some of our clients and candidates had to say:

"I have used GlobeTec for a number of years to recruit a number of senior roles within Serco. I am extremely happy with the service I have received from initial brief to follow up after candidate start.

GlobeTec take the time to understand my requirements and shortlist only those candidates who exactly match my needs. Unlike many agencies they listen more than talk - a refreshing change.

I now use GlobeTec more than any other recruitment partner."

Director, Serco

"Globetec have been instrumental in helping me develop the practice across EMEA since mid 2007. I have been, and continue to be, delighted by the quality and calibre of the candidates put in front of myself and my team. This has significantly increased our growth plans and enabled us to accelerate our planned roll out across EMEA to exceed client expectations. In summary, Globetec has been easy to deal with, they have listened to my requirements, and have acted with pace and accuracy in delivering to me."

EMEA Consulting Practice Leader, EDS.

"By the time I spoke with Globetec I'd been around quite a few other agencies in my search, many of whom instantly pigeon-holed me. I do not recall anyone else drawing out the wider meaning of my CV and asking me "what are you really looking for in a new role", and really listening to what I was saying. So to then turn around and deliver a role that was just as I described, was frankly, uncanny. I've been in my new job nearly a month, and though still early days, I'm enjoying the challenge and anticipating new heights for my career."
